

Clear Advantage®

Foliar and Root Nutrients

5-0-1

Guaranteed Analysis

Total Nitrogen (N).....	5.00%
1.00% Nitrate nitrogen	
4.00% Urea nitrogen	
Soluble Potash (K ₂ O).....	1.00%
Boron (B).....	0.05%
Manganese (Mn).....	0.75%
0.75% Chelated manganese	
Molybdenum (Mo).....	0.001%
Zinc (Zn).....	0.75%
0.75% Chelated zinc	

Derived from potassium nitrate, urea, sodium borate, manganese EDTA, sodium molybdate and zinc EDTA. F2222

General Information

CLEAR ADVANTAGE is recommended for use on, but not limited to, vegetable and row crops, deciduous fruit and nut trees, citrus, avocados, vine and berry crops, pasture, range grasses and most other crops to help promote robust root and shoot growth.

Rate Recommendations

Foliar Applications: Apply 2-10 quarts per acre by ground or 1-4 quarts per acre by air as needed. Common application timings include early vegetative stages and at prebloom/bloom and pod fill stages.

Soil Applications: Apply 4-8 quarts per acre. Multiple applications are recommended for best results.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general plant species and health. For best results, follow soil/tissue test recommendation.

Mixing and Handling Instructions

Shake well. Apply in a minimum of 10 gallons water per acre for ground spray equipment or 2 gallons water per acre for aerial application. May also be applied via drip or sprinkler fertigation.

Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water

and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application. Spray within 8 hours of mixing.

ATTENTION: This product contains boron; use on any crops other than those recommended may result in serious injury to the crops. The application of fertilizing material containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html> Information about the components of this lot of fertilizer may be obtained by writing to Brandt iHammer at the address below and giving the lot number which is found on the container or label.

WARNING: Causes eye irritation. Suspected of damaging fertility or the unborn child.

Precautionary Statements: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear eye/face protection and protective gloves/clothing. Wash thoroughly after handling. **First Aid:** *If in eyes:* Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. If exposed or concerned, get medical attention. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store locked up. Dispose of waste and residues in accordance with local regulations.

⚠️ WARNING: Cancer and Reproductive Harm-www.P65Warnings.ca.gov LIMITED WARRANTY: Brandt iHammer ("BIH") warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use.
